# Jeffrey Earl Nordstrom

JAN 24, 1951 - DEC 24, 2018

**A**ge 67. Died December 26 in Castle Rock, Colorado. Born January 24, 1951 in Racine, Wisconsin.

Preceded in death by his parents Walter A Nordstrom and Mary H Nordstrom, nee Neumiller.

Jeff is survived by cousins – from Alaska to Alabama, but mostly in Illinois and Wisconsin. Jeff started his radio broadcast career at Racine Park High School, and is an alumnus of University of Wisconsin – Stout in Menomonie, Wisconsin. He enjoyed getting together with friends and even if they were in Indiana or Wisconsin, he made sure to visit on an annual basis.

Jeff's career was radio broadcasting. He was a member of the Society of Broadcast Engineers continuously from 1973, he held a variety of positions, Disc Jockey, Engineer, for radio stations in Washington, Wisconsin, Illinois and Indiana, in 1983 he joined Allied Harris Broadcast in Indiana. In 2000 he joined ClearChannel in Colorado and then Westwood One, from which he retired January 2018.

Jeff loved gardening and a bit of farming – he had kept horses and dogs – when he could. He enjoyed the Denver Botanical Gardens, looking at antique radio equipment and was an active member of the Rocky Mountain Chapter American Theater Organ Society. And especially enjoyed riding his motorcycle.

Funeral service for Jeff will be held on Friday February 1 at First Evangelical Lutheran Church, 728 Villa Street, Racine, at 11:00 AM. Visitation will be at 10:00 AM, and luncheon follows at Infusino's Restaurant 3201 Rapids Dr, Racine after the service.

I worked with Jeff at Harris Allied in Richmond about 13 years (until it closed that office). He was a great guy - fun to work with! One of the people who helped me learn to ski so that my first trip to Utah was a success! Skied with him a couple more times and we kept in touch after his move to Colorado. Never got him to take time off work and ski with us there, but my husband and I enjoyed some meals with him on trips there over the years. Spent a nice Saturday afternoon with him about two years ago - graciously offered to help us escape from the airport during a 9 hour layover! Always looked forward to seeing him every October when the Allied gang got together in Richmond. We're all really going to miss him there next time. I'm so thankful to have had this friend in my life. Sending all of the Jeff's cousins my sympathy. Hope it helps a little to know we care and have fond memories of him, too. Gail (Thatcher) and Mike Stanley

Jeff and I were good friends in the late 60s into the 70s. We lived a couple blocks apart. We were active in CB radio group R.E.A.C.T. Remember one time I went into a McDonald's and my date was in the car. I came out with the food and my car was gone along with my date. Jeff had seen me there got in car and put it on other side of building and watched me panic. Think of that every time I go by that place and that was about 50 years ago! We corresponded for a while after I went into Air Force but lost touch. Always wondered where this life path took him. Sad to find out in an obituary. Sympathy to his family..RIP Jeff

I remember Jeff when he was a DJ at WRAC in Racine and as an engineer at WEZW in Milwaukee. He was somewhat of a mentor to me when I got into radio engineering. If a piece of equipment broke down, he had some very unique and unorthodox ways of getting to work again. Tricks that I also relied on.
